BREMICK®

TRADE WINDOW & IQ PACKERS

2021

The Window Packer Range Offer

Bremick have a complete offer of universal packers, designed for all trade requirements.

There are 5 key variations in sizes from 1.5mm through to 10mm in both clam and bulk packs.

Additional to the standard packers in the market Bremick also offers a new innovative IQ Packer, available in a mixed bucket of 360 pieces, with standard thickness packers ranging from 1.5mm through to 10mm.

The IQ packer is a intelligent packer with the flexibility to adapt to all types of projects. The unique design allows the packer to be separated into various configurations. Other features hold the packer in place for all types of applications. Easy grab fingers for better positioning & friction tabs to hold the packer in place for critical applications.
