

THREE POINTS OF ACCESS

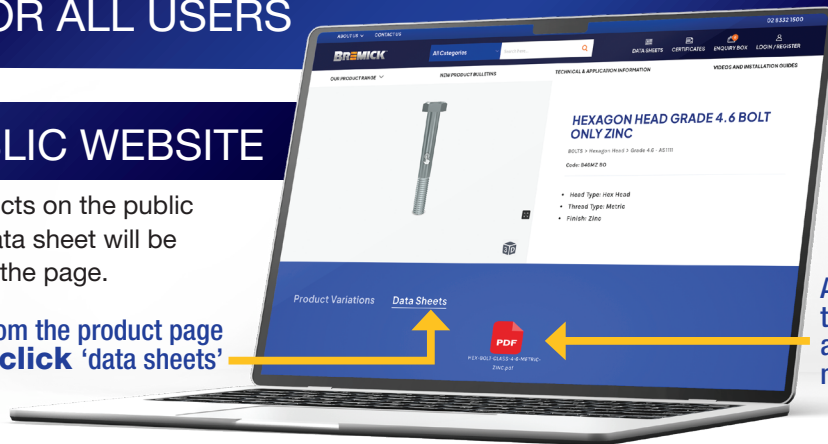

EASY ACCESS FOR ALL USERS

1 LINK - PUBLIC WEBSITE

When looking up products on the public website any relevant data sheet will be linked at the bottom of the page.

From the product page
click 'data sheets'

Any data sheets
that are linked will
appear as a thumb
nail in the blue area

2 LIST - PUBLIC WEBSITE

The data sheets also live in a library which you can directly access without going to a product page. This is a big long list however the search function is easy and intuitive.

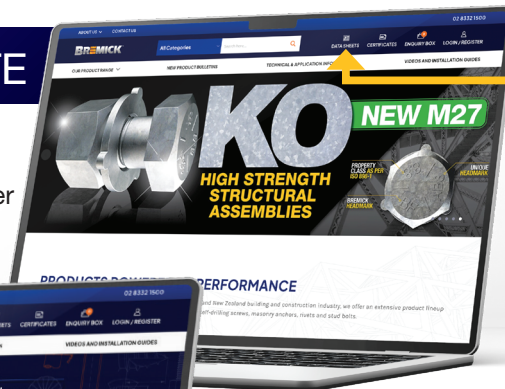

OPTIONAL
DROPDOWN
BOX TO
REDUCE
THE LIST
TO A
CATEGORY.

1. From the home page
click data sheet

DATA SHEETS

at the top of the page
next to certificates

THIS OPENS A
PAGE WITH A
LONG LIST OF
DATA SHEETS

2. Simply start typing descriptive words into the search box. As you type each word the list will reduce inline with your search.
3. Once you find the data sheet you want you have options of downloading or emailing

click

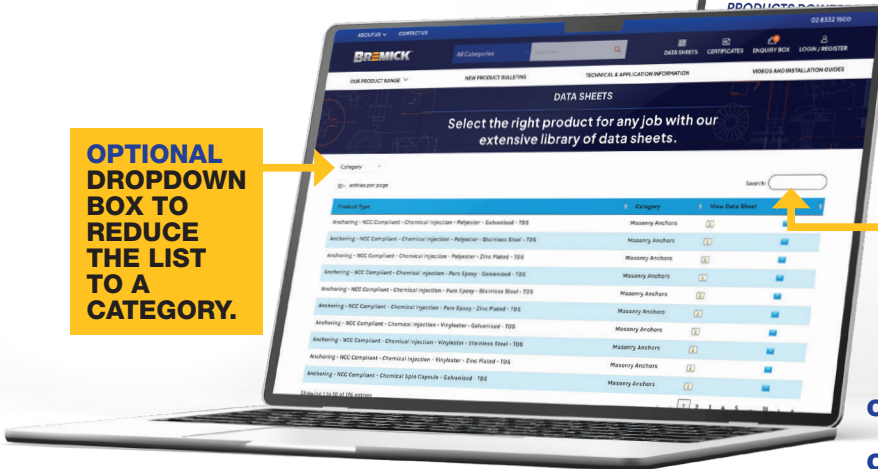

To view, save or print

click

to email someone else a link to the sheet

3 LINK - TRADING PORTAL

Similar to the public website, users of the trading portal can access data sheets when looking up products on the trading portal. Any relevant data sheet will be available via a link under the render.

Any data
sheets that
are linked
will appear
as a
thumbnail
here
